Suggestions and ideas were learning from our peers like we do at GiantCon, team building activities, and team games. A link will be emailed to the committee for input. You will have 2 weeks to discuss with your principal and campus staff and complete the JotForm. Ms. Jackson will present feedback at our next principal meeting on November 14th.

Information and documents were emailed earlier this week to ILC members about the process to complete the percentage review and proposal of any revisions. Response information should be returned by November 27th.
