Comprehensive Needs Assessment

Demographics

Demographics Summary

Dr. Antonio Banuelos serves 819 students from PK to 5th grade. This was our first year to have a behavior class and our second year to have PPCD. We have a bilingual section at every grade level and two at first and second grade. We have a steady growth of students. Our at risk population was 55%. Our student body population consists of African American 19.6%, Alaska Indian 0.37%, Asian 1.95%, Hispanic 58.73%, White 16.12%. Every member of Dr. Antonio Banuelos meets the criteria for Highly Effective. We have very little turn over. The majority of staff who leave our campus is because they received promotions. Our staff numbers have grown to meet the needs of our growing population. Our campus staff surveys and students surveys indicate that the campus is a positive place for students and staff.

Demographics Strengths

We are very proud of the community of learners that who enter our schools. We work each day to ensure that every child's learning needs are met. Our campus team is dedicated to our students and their best interest. We have many activities for our parents to participate in as member of the campus team. Our PTO and Watch Dog Dad Program helps support all students. We have very little turn over. We are a teacher led campus and have many teacher leaders on campus. Our goal is to have more teachers to be ESL certified and receive their 30 hours for GT training.

Student Academic Achievement

Student Academic Achievement Summary

Dr. Antonio Banuelos Elementary students have demonstrated growth in many areas. Areas of strength are Math and Science with levels of Meets and Masters on STAAR. Targeted areas are Reading STAAR and Writing STAAR. Special Education and ELL scores have improved however it remains a focus for our campus.

Student Academic Achievement Strengths

- Campus Instructional Specialists (2)
- PLC focused days for planning and collaborating
- Before school tutorials in science lab
- Provide science and computer lab time for all teachers
- Additional small group time for ELL students
- Small group instruction/tutoring K-5th

Problem Statements Identifying Student Academic Achievement Needs

Problem Statement 1: Students are reaching approaching and meets levels on STAAR. We need more students reaching the masters level on all STAAR tests. **Root Cause:** Our interventions are focused on students meeting standards and we need to be more intentional with our planning for students to reach masters level; including high levels of instruction.

School Processes & Programs

School Processes & Programs Summary

We have been able to establish reading and a math strategies for entire campus. As a PLC campus we ensure that we provide teachers with the time needed to effectively collaborate and plan together as team. Our teams are able to create Common Formative Assessments that allow us to make data driven decisions. We have two Campus Instructional Specialists that provides support for our teachers. We are able to purchase the necessary instructional resources and materials that are requested by staff. We provide small group instruction in all classrooms and have daily tutors come to help support our students. Students have access to technology devices such as Promethean boards, IPADS, laptops. Teachers collaborate with our Educational Technology Staff to integrate technology in the classroom. We have a committee focused on technology and staff development needs for the campus. This helps make sure that we are constantly providing the support that is needed. We have IPADS for our fourth graders and laptops a for every fifth grader.

School Processes & Programs Strengths

We have teachers that have received staff development on instructional technology. We have new google expedition googles (30) that we can use with our students. Our PLC meetings have been very successful. Each year we continue to grow and put in place plans that will help us achieve our goals that we set for our students.

Perceptions

Perceptions Summary

Disciplinary incidents have declined in classrooms however remain a concern during unstructured time. Focus for this year will be to incorporate more positive communication within our behavior plans. Our Watch Dog program has grown this year to have more dads that volunteer. We have a large number of during campus events that parents attend. Our evening academic family nights are attended more in the Fall semester than Spring. Our Partner in Education, Beacon Federal Credit Union is a great resource and support for our students and staff. Our counselor and campus student support specialist is very proactive with our students and families to help address any areas of need. Our attendance rate is usually one of the highest in the district however we do struggle with certain grade levels and maintaining 97% attendance for all.

Perceptions Strengths

We have very supportive and actively involved parents. We conduct conferences at least twice a year with each parent. We are proud of our Watch Dog program and its growth. We continue to make positive changes to our disciplinary plans for our campus to address behavior so that learning is our main focus.

Problem Statements Identifying Perceptions Needs

Problem Statement 1: We would like to ensure that all grade levels have a 97% attendance rate each six weeks. **Root Cause:** Some parents do not view attendance for their child to be a priority, especially for our Pre-Kindergarten and Kindergarten grade levels.
