

GOOSE CREEK

CONSOLIDATED INDEPENDENT SCHOOL DISTRICT

GCCISD's 3rd Annual Career Night

Robert E. Lee High School will host Goose Creek CISD's 3rd Annual Career Night on Tuesday, January 28, from 6:00 – 8:00 p.m. in the REL Commons.

The event is open to all students, parents and community members in the district and will provide information about the educational requirements for jobs in the area.

Transportation will be provided to Lee High School at 5:30 p.m. for students and parents from Ross S. Sterling High School and Goose Creek Memorial High School, and buses will return to the schools at 8:00 p.m.

Due to construction on the west parking lot at Lee High School, additional parking will be available at the Eddie V. Gray Wetlands Center at 1724 Market Street across from the school.

Representatives from high school and post-secondary programs will join others from business and industry to help guide students to successful careers in the pathways of their choice. Members of various Career and Technical Education student organizations, college and career readiness counselors, and CTE teachers will be available to provide information. CTE specialists will discuss the new College and Career Academies at the high schools.

The information at Career Night may be especially helpful to 8th grade students, who will design new graduation plans in accordance with House Bill 5 requirements.

Last year, more than 200 students, some of whom were not yet in high school, attended with their parents to learn about careers.

Students, parents and community members obtain information about various careers and post-secondary education at a previous Career Night at Robert E. Lee High School. Career Night will be January 28, 2014, from 6:00 – 8:00 p.m. in the Commons at Robert E. Lee High School on Market Street.

There were 113 groups present, representing all 16 Career and Technical Education career clusters, including 35 companies and organizations, such as Bayer, Chevron Phillips, ExxonMobil, Community Resource Credit Union, San Jacinto Methodist Hospital and the Texas Army National Guard.

"The event is mainly to tie in the students' post-secondary and career goals with their high school scheduling," said Tameka Mills, CTE coordinator.

Community members, business and industry representatives, students and district employees may volunteer by registering at <http://www.gccisd.net/cte>.
