CTE Department Hosts 3rd Annual Career Night

More than 265 students from throughout Goose Creek CISD, along with their parents, attended the recent 3rd Annual Career Night at Robert E. Lee High School, hosted by the Goose Creek CISD Career and Technical Education Department (CTE). Local business, industry and community members, along with representatives from post-secondary schools, participated in the event to provide information about careers and educational opportunities.

Career Night featured fifteen Career Clusters, represented by 29 companies, eight post-secondary institutions, four military branches, and 29 Goose Creek CISD CTE faculty members. Members of the CTE student organizations volunteered at the event. Goose Creek CISD counselors provided breakout sessions for parents and students on college and career readiness topics, such as dual credit, FAFSA, ApplyTexas, essay writing, scholarships, and educational planning. Many students and parents received door prizes, donated by exhibitors.

The goal of the annual event is to help parents and students understand the importance of earning a high school diploma and continuing formal training after high school graduation.

It is also an effort to provide students with an opportunity to understand the educational requirements for jobs in our area, so that they plan their high school schedules accordingly.
