The purpose of the summer course is:

1. Increase scholarship opportunities.
2. Increase the number of colleges or universities a student can apply to and reasonably expect to be admitted.
3. Provide a solid foundation for taking any standardized test (especially the SAT/PSAT) in the future.

This course (Tactical PSAT Strategies) is divided into three parts: **Test-Taking Skills**, **Verbal Skills**, and **Math Skills**. This course uses a "building block" approach. It requires a student to change how he/she thinks as well as how he/she responds to questions based on the question type. All students will strengthen their opportunity for success on the PSAT/SAT by attending the preparation courses offered in the summer by the district.

Class sizes are limited to 30 students on a **first come, first serve** basis.

So, register today! [Download brochure](#).
