Demographics

Demographics Summary

Edward Franklin “E.F.” Green is named after Professor Edward Franklin Green. In 1954 Professor Edward Franklin “E.F.” Green arrived to Baytown, TX to serve as principal of George Washington Carver High School. He was a man of integrity and made a profound impact on all those whom he served. Professor “E.F.” Green was resolute in character, relentless in his mission to serve his school community, and gentle in nature.

EF Green opened its doors in August 2021 to the first group of Owls. We are rooted in growing the whole child by establishing and maintaining meaningful relationships with our stake holders. EF Green is home to 988 students and has a gender breakdown of 51.4% male and 48.6 female. The majority of our student population is Hispanic (54.3%), followed by African American (22.%), White 16.0%, Asian (4.4%) and American Indians (.2%).

We provide research-based teaching to our students in a variety of learning environment such as Honors formerly known as Pre-AP, Regular, Inclusion, Bilingual, and several specialized classes.

In addition to academics, EF Green offers many extra-curricular opportunities and clubs to our students. Among these organizations are athletics, band, orchestra, art, choir, theater arts, dance, academic UIL and more.

Advancement Via Individual Determination (AVID) and Positive Behavior Intervention and Supports (PBIS) are two programs and philosophies recognized at EF Green. We are committed to exposing students to their full potential through the promotion of post-secondary learning. Strategies such a WICOR (Writing, Inquiry, Collaboration, Organization and Reading) support our students in the teaching and learning process. PBIS, provides a framework for teaching desirable life skills such as interpersonal skills and empathy. We utilize the Character Strong curriculum to support in teaching these skills.

We are establishing ourselves as a nurturing campus equipped to meet the diverse needs of our students. We are partnered with Family First Emergency who serve as our Partner In Education. This amazing partnership allows us to collaborate to meet the needs of the whole child to manifest academic, social and emotional development in every student.

Demographics Strengths

As we opened our doors in August 2021, many were excited about being a part of a new school, with new history and traditions. The excitement allowed us to maximize the opportunities to instruct at a high level resulting in several academic successes and extra-curricular successes. The campus was staffed to meet the needs of the 988 students although we were scheduled to open with 650. The implementation of PBIS has shown some levels of success but has also shown us where there are areas of improvement. Communication is a priority at EF Green to ensure we have one collective narrative.

Student Learning

Student Learning Summary

Edward Franklin "E.F." continues to analyze student data from 2021-2022. This disaggregation allows us to identify areas of strength and areas of needed focus. The trends display a correlation with the district.

With the results for "Approaches Grade Level", STAAR Reading and Math gains were made for several of our student groups. Algebra EOCs demonstrated sustained success.

A focus on 8th grade SS and Science will be required, as student achievement levels did not show the level of gains as in other core subject areas.

Student Learning Strengths

Math showed gains resulting in a campus distinction.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): The data for 8th grade Science and Social Studies did not attain the gains expected. **Root Cause:** The planning and implementation of a strategic plan for intervention was not effectively in place.

School Processes & Programs

School Processes & Programs Summary

Edward Franklin “E.F.” continues to create, evaluate and refine its system and processes. Based on walkthroughs and observations, Teacher Clarity and Check For Understanding are areas for academic focus during the 2022-2023 school year. Students’ data is routinely reviewed as a measure of teacher clarity and lesson delivery. Below are several areas of focus for our overall achievement opportunities:

- We have a viable curriculum.
- PLC is a prioritized practice.
- Master Schedule allows for common planning opportunities.
- Structured PLC Days.
- Involve teachers in the revision of systems and process.
- Maintain open lines of communication with our school community members.

School Processes & Programs Strengths

The PLC process has shown to be a strength at EF Green. The daily, intentional collaboration has provided a platform for teachers to grow their instructional practice.

Perceptions

Perceptions Summary

Our strength

- In regards to student management, bullying, and mental health intervention is our relationship with Communities in School.
- The CIS staff are valuable to many of our students.
- Provide many opportunities for parents and teachers to connect

Perceptions Strengths

Edward Franklin "E.F." Green will invest in creating a positive school culture during the 2021-2022 school year. This practice will yield a learning environment conducive to the overall academic and social-emotional successes for all students.

The partnerships created with our school community have been positive. We look to grow our community involvement for the 2022-2023 school year.

Priority Problem Statements

Problem Statement 1: The data for 8th grade Science and Social Studies did not attain the gains expected.

Root Cause 1: The planning and implementation of a strategic plan for intervention was not effectively in place.

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- Campus goals

Accountability Data

- Texas Academic Performance Report (TAPR) data

Student Data: Assessments

- State and federally required assessment information
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records

Employee Data

- Staff surveys and/or other feedback

Parent/Community Data

- Parent surveys and/or other feedback

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation

Goals

Goal 1: Green Junior School will increase student achievement by providing rigorous learning opportunities and curricula that meets students' needs for achieving exemplary academic and post-secondary success.

Performance Objective 1: Green Junior School will increase the percentage of students earning Meets/Masters STAAR performance for all student populations by 10%.

Evaluation Data Sources: CFAs, CSAs, CBAs, Student Trackers & STAAR Reports

Strategy 1 Details	Formative Reviews		
<p>Strategy 1: Engage in the active use of data from CFUs, CFAs, CUAs, Student Trackers and STAAR to identify student achievement strengths and weaknesses to provide intervention and enrichment opportunities for all students.</p> <p>Strategy's Expected Result/Impact: 10% increase of STARR results in each tested area.</p> <p>Staff Responsible for Monitoring: Campus Administrators Teaching and Learning Coach</p>	Formative		
	Nov	Feb	June
Strategy 2 Details	Formative Reviews		
<p>Strategy 2: Schedule Math and Reading Blocks - 90 minutes each day for every student. Green Junior School will embed Math and Reading intervention for Tier III students during the instructional school day.</p> <p>Strategy's Expected Result/Impact: Increased opportunity for student learning and content mastery.</p> <p>Staff Responsible for Monitoring: Campus Administrators Teaching and Learning Coach</p>	Formative		
	Nov	Feb	June
Strategy 3 Details	Formative Reviews		
<p>Strategy 3: Incorporate use of campus wide STAAR strategies with visual aids, accommodations and modifications as needed for STAAR.</p> <p>Strategy's Expected Result/Impact: Increase student learning and test taking strategies. Create confident test takers and increase STAAR results.</p> <p>Staff Responsible for Monitoring: Campus Administrators Teaching and Learning Coach</p>	Formative		
	Nov	Feb	June

Strategy 4 Details	Formative Reviews		
<p>Strategy 4: Engage students in content rotations/camps prior to STAAR assessment. These rotations/camps will consist of tiered engagement, Advanced Camp and Remedial Camp.</p> <p>Strategy's Expected Result/Impact: Increase student learning and test taking strategies. Create confident test takers and increase STAAR results. Refine strategies to address areas of minimal mastery and enhance comprehension for increased levels of mastery.</p> <p>Staff Responsible for Monitoring: Campus Administrators Teaching and Learning Coach</p>	Formative		
	Nov	Feb	June
Strategy 5 Details	Formative Reviews		
<p>Strategy 5: Meet with each identified Level 1 student and their parent to discuss test scores and the importance of raising students test scores and how the parents can support that effort.</p> <p>Strategy's Expected Result/Impact: The personal attention to each of the Level 1 students will bring awareness to families and students on what their child's scores mean, and what families can do collectively to support their child academically in the upcoming school year. Also, it allows for campus stakeholders and family to build a rapport around student achievement at the beginning of the year.</p> <p>Staff Responsible for Monitoring: Campus Administrators Teaching and Learning Coach</p>	Formative		
	Nov	Feb	June
Strategy 6 Details	Formative Reviews		
<p>Strategy 6: Monthly roll out of WICOR [Writing, Inquiry, Collaboration, Organization, Rigor] strategies, and ongoing monitoring of the implementation of the WICOR strategies in daily lesson plans.</p> <p>Strategy's Expected Result/Impact: Implementing WICOR strategies in the classroom allow educators to guide students in comprehending concepts and articulating ideas at increasingly complex levels.</p> <p>Staff Responsible for Monitoring: Campus Administrators AVID Site Team</p>	Formative
