GENERAL MEETING GUIDELINES:

- Required access to PC or tablet with internet access
    - If you do not have access to a computer, internet, or are concerned about connection and technical issues, please let us know. The Technology Department will be ready to assist with providing you a computer and technical assistance onsite at the Technology Center, while practicing safe distancing. Please let us know by the end of day May 7th if you would like to take advantage of this support. We will need a headcount in order to facilitate sufficient staff onsite to assist you.
    - GCCISD staff will attend this meeting remotely and we would encourage you to attend from the comfort of your home if at all possible.
- The meeting may be attended via telephone call. However, you will not be able to view any of the presentations.
    - If you choose to call in, we will ask for you to confirm your attendance via an email, in order to take an accurate attendance.
- We will record the meeting and post to our website if you're not able to participate live.
- Please note that any questions or comments *must be typed* in the "chat" panel after each section of the presentation is covered.
    - This will ensure we do not speak over each other, so that everyone can clearly hear.
    - We will monitor this chat panel and read the questions aloud for everyone.
    - Please wait for each presentation to be completed before typing in your question.
- If possible use a quiet room free of distractions where you can listen to the host.
    - Our meeting host will have all the participants' mics on mute so the presentation can be heard without interruptions.
- You will receive a follow-up email (May 8, 2020) with the log-in details.
    - Give yourself time to set up the meeting. 15-30 minutes in advance is a good amount of time to set up, depending on your Webex experience.
- Please visit one or more of the following links for additional information on WebEx meetings:
    - Knowledge Articles for using Cisco Webex:
      Cisco Webex App: https://www.smore.com/9rfzp
