- Small UPS replacements are complete
- Wireless Network Upgrades equipment ordered
- Estimated delivery Fall 2023
- E-Rate Funding \$2.7 Million

Question/Answer

Question: How many iPads are missing this year?

Answer: Currently we have 365 iPads that have not been turned back in or paid for.

Question: On the network cabling, have any of these locations had any problems because they haven't been upgraded or, are some locations functioning better than others?

Answer: Every location is functioning. It is a standard; once we replace and upgrade we will have to continuously maintain. Question: Are you able to use the E-Rate Funding (\$2.7 Million) to extend your project or will it go back to the bond? Answer: It will go back to the bond.

Question/Answer Question: When will the buses be delivered? Answer: We're about 180 days out from delivery. Question: Will there be iPads on the bus? Answer: It will be a tablet on the bus to check in and check out students. Question: Are we still going to check the buses for students? Answer: Yes, they will still be required to do so. Question: What is the \$240,664 dollars going towards? Answer: It is to extend that project out another year and to buy cameras and allow for upgrades. Were we found the discrepancy was in the pricing for the student identification cards - badge for security. Question: How much is one card? Answer: The card costs about \$5 dollars; .50 cents to print it, and another \$1 dollar plus for the lanyard and clear plastic to cover it Question: When the students get on the bus, will it be an ID reader or scanner? Answer: There will be a scanner. Question: What about facial recognition and will it upgrade to this? Answer: Currently we are not doing this and have not fully investigated the possibility. We are not saying this is not where it's headed, but note there will be additional costs. Question: Are there any schools already using this process and technology? Answer: Yes, there is a number of them. Question: Are there any schools anywhere using facial recognition on school buses? Answer: Currently, I have not heard of this yet. Question: What about student finger printing? Answer: That technology has been around for about 8 or 9 years but was a failure.
