

GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT

Anthony Price, Ph.D.
DEPUTY SUPERINTENDENT

October 4, 2018

Parent/Guardians and the Goose Creek Community,

The safety and security of our students is always our top priority. As such, it is important that we practice safety and emergency drills to prepare for a variety of incidents. These drills help us make improvements to our response to an unplanned event on our campuses.

Goose Creek CISD has scheduled several emergency drills including “lockdown drills” for Wed., October 10th, Thur., October 11th, and Fri., October 12th, 2018. On these days, emergency drills will be conducted on several campuses. These drills will begin in the morning and be completed by early afternoon. No one will be allowed to enter or exit a campus once that campus’s emergency drill has begun. Not all campuses will participate in this round of emergency drills, but they will all be prepared to do so. The campuses selected for drills will not be notified that they have been selected until the Drill Evaluation Team arrives to begin the simulated scenario.

These scheduled emergency drills will be held in conjunction with the GCCISD Administration, GCCISD Police Department, Baytown Police Department and the Baytown Fire Department. These drills may include Lock Down drills, Shelter in Place drills, Lock Out drills, as well as Fire drills and Tornado drills. These emergency drills will be practiced and drilled now and throughout the school year to ensure the safety and security of all our students, faculty and staff. The purpose of this letter is to give advance notice for planning and scheduling of the above-mentioned days. GCCISD safety and Emergency Planning Team requests that all would be mindful of doctor, dentist and other appointments being scheduled with these days in mind.

Please do not be alarmed if you see local and district police and fire department vehicles on a GCCISD campuses on the dates listed above. With the exception of the emergency drills, we will have a regular school day.

Thank you for your understanding. Please call the Central Administration Office if you have any questions.

Again, Emergency Drill Dates are:

October 10th, 2018

October 11th, 2018

October 12th, 2018

Dr. Anthony Price
Deputy Superintendent
Goose Creek CISD
