2019-2020 END OF YEAR LPAC GUIDANCE

Reclassification as English Proficient, Program Exit, and Parental Notification of Progress

Note: The Language Proficiency Assessment Committee (LPAC) is responsible for providing access to reclassification, particularly for students who have demonstrated readiness for reclassification.

SPRING 2020

- Utilize** the [2019-2020 English Learner Reclassification Updated Criteria and Guidance](#) to determine the adjusted assessment protocol for the Local Education Agency (LEA).
- Conduct** LPAC End of Year (EOY) Review of all English Learners (ELs), including served ELs, ELs with parental denial, and students in their first two years of monitoring after reclassification. **Due to LEA closures related to Coronavirus (COVID-19) precautions, the LPAC may**
 - utilize alternative meeting methods, which may include phone or video conferencing and the use of electronic signatures in accordance with their LEA policy while maintaining confidentiality;
 - incorporate the required LPAC parent representative in an optional capacity; and
 - extend the timeline for English learner reclassification decisions through the first 30 calendar days of the 2020-2021 school year if unable to complete before the close of the 2019-2020 school year.
- If all necessary assessment results have been received for LPAC's decision for reclassification, send [Parent Notification on Student Progress](#) to parents of:
 - ELs reclassifying and exiting program services (or ELs reclassifying with parental denial of services),
 - ELs reclassifying and continuing Dual Language Immersion (DLI) program services,
 - students moving from Monitoring Year 1 (F) after reclassification to Year 2 (S), or
 - students completing Year 2 of Monitoring.
- Send [Parent Notification of Reclassification and Approval of Program Exit](#) if reclassification is NOT pending.

FALL 2020

- Complete** any pending reclassification assessments (LAS Links) and decisions for English learner reclassification. LAS Links should only be administered to English learners who did not complete all four domains of the 2019-2020 TELPAS **and** who have demonstrated potential for reclassification.
- Ensure** parental approval of exit is obtained promptly. Students must remain in their bilingual or English as a second language (ESL) program until parental approval of exit has been obtained, even though they have been reclassified as English Proficient/Non-LEP. Parental approval of program exit can be obtained in writing, through a documented phone conversation, or by e-mail that is documented in writing and retained. Phone or email source must be verified.
- Within the first 30 calendar days of the 2020-2021 school year, **send *Parent Notification on Student Progress* form*** to parents of:
 - English learners continuing bilingual or ESL program services and
 - English learners with a parental denial.

**Parental Notification on Student Progress* forms may include district-level assessments or teacher records of linguistic progress in lieu of TELPAS and STAAR scores, as needed. If LAS Links is administered for reclassification, the results may be included within this progress letter.

LPAC FLOW CHART CONTINUED

2020-2021 BEGINNING OF YEAR LPAC GUIDANCE

Reminder of 2019-2020 End of Year (EOY) Guidance:

English Learner Reclassification and Parental Notification of Progress

- ❑ **Complete** any pending reclassification assessments (LAS Links) and decisions for English learner reclassification.
 - LAS Links should only be administered to English learners who did not complete all four domains of the 2019-2020 TELPAS and who have demonstrated potential for reclassification.
 - LAS Links can be administered in person (using [DRC LAS Test Administration Guidelines](#)) or **virtually (beginning on August 17th)**. See the [LAS Links Texas](#) webpage for additional guidance and resources for virtual assessments. The use of the virtual preLAS/LAS Links test administration is optional.
 - TELPAS and LAS Links scores cannot be combined to meet [reclassification criteria](#).
 - For reclassification purposes, the student should be assessed with the LAS Links grade level assessment for which the student was enrolled in the 2019-2020 school year.
- ❑ **Ensure** parental approval of exit is obtained promptly.
 - Students must remain in their bilingual or English as a second language (ESL) program until parental approval of exit has been obtained, even though they have been reclassified as English Proficient/Non-LEP.
 - Parental approval of program exit can be obtained in writing, through a documented phone conversation, or by e-mail that is documented in writing and retained.
 - The process for determining reclassification (typically completed in the spring) has been extended into the first 30 calendar days of the 2020-2021 school year. The timeline for these 30 calendar days begins when the district resumes school for all students for the 2020-2021 school year, regardless of in-person or remote learning setting.
 - If the reclassification process is unable to be completed within the extended timeline in the fall, the LPAC documents the reasons for which the timeline was extended, including the plan for completing the process in a timely manner.
 - All 2019-2020 English learner reclassification assessment and decisions must be completed and documented by the PEIMS snapshot (last Friday in October 2020).
- ❑ Within the first 30 calendar days of the 2020-2021 school year, **send [Parent Notification on Student Progress](#) form*** to parents of:
 - English learners continuing bilingual or ESL program services and
 - English learners with a parental denial.

**Parental Notification on Student Progress* forms may include district-level assessments or teacher records of linguistic progress in lieu of TELPAS and STAAR scores, as needed. If LAS Links is administered for reclassification, the results may be included within this progress letter.

STATE GUIDANCE FROM TEXAS EDUCATION AGENCY

2020-2021 BEGINNING OF YEAR LPAC GUIDANCE

Identification and Program Placement

School districts (including charter schools) are required to complete necessary English learner identification assessment and convene the LPAC to determine English learner status and to recommend program placement for identified English learners within **four calendar weeks** of a student's initial enrollment in a Texas public school. This timeline for identification begins when the district resumes school for all students for the 2020-2021 school year, regardless of in-person or remote learning setting.

UPON INITIAL ENROLLMENT IN A TEXAS PUBLIC SCHOOL

- ❑ **Administer a [Home Language Survey \(HLS\)](#)** to each new student enrolling for the first time in a Texas public school in any grade from prekindergarten through grade 12.
 - It is the responsibility of the district to ensure parents understand the purpose and impact of the HLS form.
 - Students in grades 9-12 can complete the HLS for themselves.
- In addition to written documentation, the answers to the HLS can be obtained from the parent/guardian through an email or phone conversation that is documented in writing and retained. The use of these alternative approval methods that are typically allowable for parental approval of program placement and exit are now extended to the HLS.
- ❑ **Verify that the Home Language Survey (HLS) indicates only one language per response of the two questions.** It is the responsibility of the district to contact the parent and seek parental clarification if more than one language is indicated in each response prior to assessing for English language proficiency.

2020-2021 BEGINNING OF YEAR LPAC GUIDANCE

- **Assess** the student if a response on the HLS indicates a language other than English.
 - School districts must use the [standardized state-approved English language proficiency test for identification](#):
 - **Pre-LAS** for Pre-K and Kindergarten
 - **LAS Links** for grade 1 (listening and speaking components)
 - **LAS Links** for grades 2-12 (listening, speaking, reading, and writing components)
 - PreLAS/LAS Links can be administered in person (using [DRC LAS Test Administration Guidelines](#)) or **virtually (beginning on August 17th)**. See the [LAS Links Texas](#) webpage for additional guidance and resources for virtual assessments. The use of the virtual preLAS/LAS Links test administration is optional.
- **Convene** an LPAC meeting to determine English learner identification based on the above assessments and recommend bilingual education or ESL program placement for each identified English learner.
 - The student is considered an English learner if any of the identification assessment scores are below the level indicated for English proficiency.
 - The LPAC may use the following provisions during the 2020-2021 school year:
 - Alternative meeting methods, such as
 - Phone or video conferencing
 - Use of electronic signatures that adhere with LEA policy
 - Optional LPAC parent representation (although highly encouraged)
- **Notify** the parent or legal guardian in the parent's primary language if the child has been identified as an English learner. The [Parent Approval for Initial Identification and Placement](#) notification shall include:
 - The child's classification as an English learner;
 - level of English proficiency;
 - recommendation for placement of the child in the required bilingual education or ESL program; and
 - purpose, content, and benefits to the student of the recommended bilingual/ESL program.

Parent bilingual and ESL program brochures are available in English, Spanish, and Vietnamese at <http://www.elltx.org/> under the parent/family section of the web portal.
- **Place** the English learner in the recommended program until the district receives the signed parental approval or denial of program services.
 - Once the parental approval form is signed, the district can code the student's program participation in PEIMS to start generating bilingual education allotment (BEA) funding, effective the date indicated on the signed parental approval form.
 - If the parent denies program services, the student will be placed in a general education classroom and will not generate BEA funding.
 - Parental approval of program participation can be obtained in writing, through a documented phone conversation, or by e-mail that is documented in writing and retained.
- **Enter** the student information into the Texas Student Data System (TSDS) using the appropriate [PEIMS codes](#) for the 2020-2021 school year.

TRANSFER LPAC MEETINGS

2020-2021 BEGINNING OF YEAR LPAC GUIDANCE

STUDENTS TRANSFERRING FROM ANOTHER TEXAS PUBLIC SCHOOL

- Request** and secure the student's records, including the Home Language Survey (HLS) and all LPAC documentation.
- Check** the [TREx](#) database, or other databases, for an uploaded version of the HLS and to obtain TELPAS history and any other LPAC documentation. Multiple attempts should be made to obtain the student's HLS and any other LPAC documentation.

- Document** the evidence found in LPAC paperwork. If there is documented evidence that the student was previously identified as an English learner in Texas, but no home language survey has been obtained, the campus shall document this in writing and retain this documentation in the student's cumulative folder.
- Determine** if the student was previously served in a program or identified as an English learner in [PEIMS](#).
- Honor** the original identification as an English learner if there is sufficient evidence that indicates that the student was previously identified as an English learner in Texas.
- Communicate** continuation of bilingual or ESL services with the parent or guardian. Send [Parental Approval for Identification and Placement](#) if there is a change in program services.
- Enter** the student information into the Texas Student Data System (TSDS) using the appropriate [PEIMS codes](#) for the 2020-2021 school year.

INITIAL PLACEMENT LPAC MEETINGS

2020-2021 BEGINNING OF YEAR LPAC GUIDANCE

STUDENTS TRANSFERRING FROM OUTSIDE OF TEXAS

- Review** any documentation brought in by the student.
- Determine** if evidence indicates that the student was previously enrolled in a Texas school by checking the [TREx](#) database, PEIMS or any other databases if applicable. If the student had any time been in a Texas public school, follow the procedures listed above for “Students Transferring From Another Texas Public School”.
- Proceed** with the statewide [identification process](#) as outlined in the section of this document titled “Upon Initial Enrollment in a Texas public school”.
- Enter** the student information into the Texas Student Data System (TSDS) using the appropriate [PEIMS codes](#) for the 2020-2021 school year.

2020-2021 BEGINNING OF YEAR LPAC GUIDANCE

STUDENTS SERVED THROUGH SPECIAL EDUCATION (NEW AND TRANSFER)

- ❑ **Review** the [Guidance Related to ARD Committee and LPAC Collaboration](#).
 - ❑ **Follow** the state's established process for identifying an English learner (as described above). It is important to note that English learner identification and placement in language program services must not be refused solely on the basis of a student's disability.
 - ❑ **Enter** the student information into the Texas Student Data System (TSDS) using the appropriate [PEIMS codes](#) for the 2020-2021 school year.
-

ARD and LPAC Collaborative Meetings

Identification

The LPAC in conjunction with the ARD committee will identify a student as an English learner if the student's ability in English is so limited or the student's disabilities are so severe that the English language proficiency assessments described in 19 Texas Administrative Code (TAC) §89.1226(c) cannot be administered.

Reclassification

Section 3: Individualized Reclassification of English Learners with a Significant Cognitive Disability and Served through Special Education
For an English learner with a significant cognitive disability, the LPAC in conjunction with the ARD committee may determine that the state's English language proficiency assessment for reclassification is not appropriate because of the nature of the student's disabling condition.

LPAC and ARD Collaboration TEA Guidance

Guidance on Identification/ Reclassification: LPAC and ARD Committee Collaboration

When a student with a disability is, or might be identified as an English learner (EL), the student's admission, review, and dismissal (ARD) committee must work in conjunction with the language proficiency assessment committee (LPAC) to determine appropriate identification and reclassification criteria for a bilingual education or English as a Second Language (ESL) program. (19 TAC §§89.1226(h), (l), and (m)).

This document outlines processes for identification and reclassification of two groups of English learners:

- English learners served through special education; and
- English learners with a significant cognitive disability served through special education.

Student Population	Identification	Reclassification
Students served through special education	Follow <u>standard</u> process in 19 TAC §89.1226 as described in Section 1	Follow <u>standard</u> process as described in Section 2
Students served through special education with a <u>significant cognitive disability</u>		Follow <u>individualized</u> process described in Section 3

LPAC Procedures – English Learner Identification and Placement

UPDATED
8/6/2020

1. With potential for on-campus and remote learning during the 2020-2021 school year, are LPACs required to complete the English learner identification process within the required four calendar weeks of a student's initial enrollment in Texas public schools? **UPDATED August 6, 2020**

As with other circumstances beyond the LEA's control, the LPAC attempts to complete the English learner identification process within the **four calendar weeks** requirement, as feasible, and documents in the student's permanent record the reasons for which the timeline was extended. Important notes:

- The English learner identification assessment ([preLAS/LAS Links](#)) can be administered in person (using [DRC LAS Test Administration Guidelines](#)) or virtually (beginning on August 17th). See the [July 28th DRC Texas Tuesday](#) for more information, and additional guidance and resources for virtual assessments will be forthcoming on the [LAS Links Texas](#) webpage. The use of the virtual preLAS/LAS Links test administration is optional.
- If a student is assessed for English proficiency prior to a period of school closure, the LPAC may meet through alternative meeting methods (phone or video conference) in order to complete the identification.
 - The participation of the LPAC parent is optional.
 - If the student is identified by the LPAC, the student's parent is notified of identification, and parental approval may be obtained in writing or through an email or documented phone conversation.
- The summer or intermittent breaks (holidays, planned or unplanned periods of closure, etc.) can be used to complete the identification process, per local health regulations. Calendar days during intermittent breaks within the school year are included in the required timeframe of **four calendar weeks** for identification.
- No special form is needed for documenting reasons for delayed identification.
- For students transferring from other Texas public schools, previous LPAC identification documentation should be obtained and utilized to continue program services.

TEA Update

- Students in PK can be placed in PK while EL testing is pending.
- HLS can now be completed via phone and/or email and documented. The documentation will need to be uploaded to eStar.

Yes. If the student does not meet any other [prekindergarten eligibility criteria](#), the student may temporarily participate in prekindergarten until English learner identification is completed. Parents/families must be informed that continued prekindergarten participation is pending based on English learner eligibility. Please see the *Early Childhood Education Guidance FAQ* on the [TEA COVID-19 Support: Academics](#) webpage for more information and updates.

4. **Can an LEA administer the Home Language Survey (HLS) remotely?** *NEW August 6, 2020*

Yes. In addition to written documentation, the answers to the HLS can be obtained from the parent/guardian through an email or phone conversation that is documented in writing and retained. The use of these alternative approval methods that are typically allowable for parental approval of program placement and exit are now extended to the HLS.

Collaborate with the members from the ARD committee to review documentation from the ARD and other supporting documentation.

Discuss Evidence of Need for Use of §89.1225(m) Reclassification Criteria

Students considered for exit criteria under TAC §89.1225(m) should be only those designated to take STAAR Alternate 2, as determined by the ARD committee in conjunction with the LPAC.

Does the student's particular disabling condition warrant the need for the process of considering reclassification criteria? Yes No Clear

What evidence is documented in the IEP that indicates that the student will not be able to attain the English Language Proficiency Standards (as measured by TELPAS) in one or more domains?  

What evidence is documented to indicate that the student no longer appears to benefit (or is expected to reach that point during the year) from second language acquisition support in English to address cognitive, linguistic, and affective needs?  

Review historical formal and informal assessment data and direct teacher input. List the outcomes of that review.
